SUMMARY

As a highly motivated and technically proficient recent graduate in Computer Science, I am enthusiastic about the opportunity to contribute to your team as a Software Engineer Trainee. My academic achievements, coupled with hands-on experience through internships and personal projects, have honed my skills in software development and problem-solving. What sets me apart is my ability to quickly learn and adapt to new technologies, ensuring that I can effectively tackle any challenge presented. I am committed to continuous improvement and eager to leverage my knowledge and passion for technology to add value to your esteemed organization.

EDUCATION

MCA

DG Vaishnav College 8.5 CGPA

2022 - 2024

BCA

SMASC 8.4 CGPA

2019 - 2022

HSC

St.Joseph Mat Hr Sec School 8.9 CGPA

2018 - 2019

INTERNSHIP

Student Intern

Bilight Solutions 12/2023 - 05/2024 Nungabakkam

During my internship in Business Intelligence, I developed strong analytical and problem-solving skills by working with large datasets, creating data models, and generating actionable insights. This experience has honed my ability to understand complex data structures, write efficient code, and work collaboratively with cross-functional teams. The technical skills and knowledge I gained are directly applicable to software engineering, where data analysis, coding proficiency, and teamwork are essential.

TRAINING / COURSES

Python Master class-Pantech

Full stack web development- Mebot
